[FOR A SAFER AND BETTER QUALITY JOB, KEEP OTHERS INFORMED]

(TO) (FROM) <u>Frank McGinley</u>	TIME <u>1:30</u> <del>AM</del> <u>XX</u> PM
COMPANY <u>B&amp;W</u>	CC: <u>F. McGinley</u>
RECORDED BY <u>Chuck Finnegan</u>	<u>R. Krikorian</u>
FILE NO./TURNOVER PACKAGE NO. <u>62.3401</u>	<u>D. Cole</u>
SUBJECT <u>Upcoming One Week Outages</u>	<u>M. Alley</u>
	<u>C. E. Finnegan</u>

Frank returned my call of this morning.

I informed Frank of the upcoming one week outage on each of the Units. The Unit 1 outage is scheduled to begin March 26, 1990, with the Unit 2 outage scheduled to begin April 9, 1990.

I told Frank that the following warranty items are requested to be repaired during the Unit 1 outage:

Item

1. Repair Primary Superheater header leak
2. Repair tie-bars, secondary superheat (four known to have failed)
3. Inspect and repair screen tube - arch welds
4. Repair lighter shroud, E2 burner
5. Repair casing splits, penthouse
6. Repair membrane cracks, bafflewall, 11th floor

I asked Frank to inform me of any work we need to perform for B&W in preparation of the outage, such as power supplies to the penthouse for stress relieving.

Frank said he would let me know.
